MEH MITCHELL EMERT & HILL, P.C. CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS

INDEPENDENT ACCOUNTANTS' AUDIT REPORT

Mayor and Board of Commissioners Town of Englewood, Tennessee Englewood, Tennessee

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, and each major fund of Town of Englewood, Tennessee as of and for the year ended June 30, 2009, which collectively comprise Town of Englewood's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, and each major fund of Town of Englewood, Tennessee as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the General Fund, the Solid Waste Management Fund, and the Drug Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion thereon.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise Town of Englewood, Tennessee's basic financial statements. The accompanying other supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2009 on our consideration of Town of Englewood, Tennessee's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Mitchell Emert_es Hill

TOWN OF ENGLEWOOD P.O. BOX 150 111 S. NIOTA RD. ENGLEWOOD, TN. 37329 PHONE (423) 887-7224 FAX (423) 887-7715

Management's Discussion and Analysis For the Year Ended June 30, 2009

The management of Town of Englewood, Tennessee (the Town) presents this management's discussion and analysis (MD&A) of the Town's financial condition and results of operations for the fiscal year ended June 30, 2009. This information should be read in conjunction with the accompanying financial statements.

This MD&A also presents an overview of the Town including the Water and Sewer and Natural Gas Funds, known as the Primary Government. The government-wide financial statements include only the primary government which is the total reporting entity.

Financial Highlights

The following are key financial highlights:

- The assets of the Town of Englewood Primary Government were more than its liabilities at year-end 2009 by \$5,800,780 (\$5,786,502 in 2008).
- The Town of Englewood Primary Government's net assets increased by \$14,279 (\$374,170 in 2008) or 0.3 percent during 2009 (7 percent during 2008).
- At 2009 year-end, the Town's governmental funds reported combined ending fund balances of \$714,536 an increase of \$39,622 for 2009. At 2008 year-end, the Town's governmental funds reported combined ending fund balances of \$687,872 a decrease of \$2,297 for 2008. Of the total fund balances, \$554,870 (\$548,077 in 2008) is unreserved and available for ongoing operations.
- At June 30, 2009 the unreserved General Fund Balance was \$554,870 (\$548,077 in 2008) or 86 percent (84 percent in 2008) of General Fund expenditures. This demonstrates the Town's fiscal discipline and will help meet unexpected emergencies and other uncertainties the Town may face during the course of everyday operations.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Englewood's basic financial statements. The Town's basic financial statements are comprised of four components: (1) government-wide financial statements, (2) fund financial statements, including budget comparisons, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

<u>Government-Wide Financial Statements</u> - The *government-wide financial statements* are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business.

The *statement of net assets* presents information on all the Town's assets and liabilities with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information showing how the Town's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the Town include the following:

- General government
- Public safety
- Public welfare
- Solid waste collection and disposal
- Streets and highways

The business-type of activities of the Town include water and sewer services provided by the Water and Sewer Fund and natural gas services provided by the Natural Gas Fund.

The government-wide financial statements can be found on pages 10 to 12 of this report.

<u>Fund Financial Statements</u> - A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Town of Englewood, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements.

By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenue, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheets and in the governmental fund statement of revenue, expenditures and changes in fund balances for the General Fund, Solid Waste Management Fund and the Drug Fund, all of which are considered to be major funds. To demonstrate compliance with the budget, budgetary comparison statements have been provided for all major funds and are presented on pages 18 to 26.

Proprietary Funds - Proprietary funds are used to account for activities where the emphasis is placed on net income determination. The Town maintains one type of proprietary funds-enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town has two enterprise funds to account for water distribution and sewer collections and natural gas distribution.

The Town's enterprise funds, the Water and Sewer Fund and the Natural Gas Fund, are major funds and are reported separately in the government-wide and fund financial statements. The proprietary fund financial statements are presented on pages 27 to 30 in the basic financial statements.

<u>Notes to the Financial Statements</u> - The notes provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements.

Internal Control and Compliance Section - This includes the auditors' report on the Town's internal controls and compliance.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The Town's assets exceeded its liabilities by \$5,800,780 (\$5,786,502 in 2008).

By far, the largest portion of the Town's net assets reflects its investment in capital assets (e.g., land, buildings, water facilities, machinery and equipment), less any related debt used to acquire those assets that are still outstanding. The Town uses these capital assets to provide services; consequently, these assets are *not* available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate long-term debt. At year-end the Town's statement of net assets consisted of the following:

		2009	2008
ASSETS			
Current assets		\$ 1,682,409	\$ 1,586,347
Capital assets, net of accumulated depreciation		5,755,873	5,927,413
	Total Assets	<u>\$7,438,282</u>	<u>\$7,513,760</u>

LIABILITIES			
Current liabilities		\$ 430,228	\$ 422,601
Non-current liabilities		1,207,274	1,304,656
	Total Liabilities	1,637,502	1,727,257
NET ASSETS			
Invested in capital assets, net of related debt		4,451,557	4,529,865
Restricted		159,666	41,337
Unrestricted		1,189,558	1,215,298
	Total Net Assets	5,800,781	5,786,502
Total Liabiliti	es and Net Assets	<u>\$7,438,282</u>	<u>\$7,513,760</u>

A portion of the Town's net assets represents resources that are subject to external restrictions on how they may be used. The unrestricted net assets may be used to meet the obligations to employees and creditors and to help fund next year's budget.

Following is a summary of financial activities for the Town during the fiscal year:

	2009	2008
REVENUE		
Program revenue:		
Fees, fines and charges for services	\$ 1,140,242	\$ 1,092,281
Operating grants and contributions	56,880	65,575
Capital grants and contributions	0	329,179
General revenue:		
Local taxes	295,439	295,708
State and federal	130,485	141,192
Miscellaneous	10,177	19,712
Investment income	29,399	26,865
	1,662,622	1,970,512
EXPENSES		
General government	215,887	215,836
Public safety	259,854	285,641
Highways and streets	74,841	85,866
Solid waste collection and disposal	55,265	62,145
Interest on long-term debt	7,236	9,382
Public welfare	71,859	50,786
Natural gas	274,319	214,781
Water and sewer	689,080	671,906
	1,648,342	1,596,343
Increase in net assets	14,279	374,170
Net assets at the beginning of the year	5,786,502	5,412,332
Net assets at the end of the year	<u>\$ 5,800,781</u>	<u>\$ 5,786,502</u>

<u>Governmental Activities</u> - Governmental activities increased the Town's net assets by \$59,434 (\$12,385 in 2008). The 2009 increase was primarily due to actual revenues for fines and forfeitures being significantly more than budgeted revenues.

The Town's main source of revenue is from property tax, local option sales tax, local and state-shared taxes which consist of tax revenue shared by the State of Tennessee.

<u>Business Type Activities</u> - Business-type activities decreased the Town's net assets by \$45,154 in 2009 and increased the Town's net assets by \$361,785 in 2008. The Water and Sewer Fund reported a decrease of \$52,013 in 2009 and an increase of \$305,723 in 2008 and the Natural Gas Fund reported an increase of \$6,858 in 2009 and \$56,062 in 2008.

Capital Assets

The Town's investment in capital assets as of June 30, 2009 was \$5,755,873 (\$5,927,413 in 2008) net of accumulated depreciation.

	2009	2008
Land	\$ 146,709 462,627	\$ 146,709 462,627
Buildings Utility Plant	3,771,332	3,771,332
Office equipment Equipment	10,378 3,948,184	10,378 3,918,040
Vehicles Land improvements	262,754 46,522	241,754 46,522
Accumulated depreciation	(2,892,633)	(2,669,949)

Total Capital Assets, Net of Accumulated Depreciation\$ 5,755,873

The major capital asset additions during 2009 were due to the following:

Equipment	\$ 30,144
Vehicles	21,000

\$ 5,927,413

Debt Administration

At June 30, 2009, the proprietary funds had outstanding debt of \$1,072,375 (\$1,130,647 in 2008) consisting of the following:

	2009	2008
Water and Sewer Revenue Bonds	\$ 512,590	\$ 520,617
Tennessee Municipal Bond Fund Capital Outlay notes	352,678	391,727
State Revolving Fund loan	207,107	218,302
Total Debt-Principal	1,072,375	1,130,647
Less: Current Portion Due	(74,140)	(67,973)
Total Long-term Debt-Principal	<u>\$ 998,235</u>	<u>\$ 1,062,674</u>

During 2009 the Town retired \$71,230 (\$85,764 in 2008) on its proprietary funds debt.

At June 30, 2009, the General Fund had outstanding debt of \$231,941 (\$266,900 in 2008) consisting of the following:

	 2009	 2008
Capital outlay notes	\$ 231,940	\$ 266,900
Less: Current Portion Due	 (22,901)	 (24,919)
Total Long-term Debt-Principal	\$ 209,039	\$ 241,981

During 2009 the Town retired \$22,002 (\$17,300 in 2008) on its General Fund debt.

Additional information on debt can be found in Note E to the financial statements.

Financial Analysis of the Town's Funds

As previously discussed, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

<u>Governmental Funds</u> The focus of the Town's governmental funds is to provide information on nearterm inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund's fund balance increased by \$19,751 in 2009 and decreased by \$14,211 in 2008

<u>Proprietary Funds</u> The Town's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net assets for the Water and Sewer Fund were \$316,995 (\$274,436 in 2008). The unrestricted net assets for the Natural Gas Fund were \$284,054 (\$258,549 in 2008).

General Fund Budgetary Highlights

During 2009, there were no changes in original budget revenues. Original budget expenditures increased by \$65,477 due to increases in budgeted expenditures for the weather alert system and fire department capital purchases. During 2008, original budget revenues increased by \$9,176 primarily due to interest revenues realized in excess of the original budgeting amounts. Original budget expenditures increased by \$94,533 due to increases in budgeted expenditures for small equipment, supplies and police and fire departments capital purchases.

Economic Factors and Next Year's Budgets and Rates

The Board of Commissioners approved the budget for the year ending June 30, 2010. The estimated revenues and appropriations did not vary significantly from the budget for the year ended June 30, 2009.

Requests for Information

This MD&A and accompanying financial statements and notes are designed to provide our citizens, employees, creditors and regulatory agencies with an overview of the Town's finances. If you have any questions or need additional information, you may contact:

Robert Cass, Town Manager Town of Englewood, Tennessee 111 S. Niota Road Englewood, TN 37329 Telephone (423) 887-7224

Total Fund Balance - Governmental Funds	\$	714,536
Capital assets used in governmental activities are reported in the statement of net assets; however, they are not current		
financial resources and therefore are not reported in the		
governmental funds balance sheet.		790,420
Some of the Town's taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures; therefore, they are reported as deferred revenue in the		
governmental funds balance sheet.		33,639
Long-term liabilities are not due in the current period and, therefore, are not reported in the governmental		
funds balance sheet.		(231,940)
Net Assets of Governmental Activities	<u>\$</u>	1,306,655

RECONCILIATION OF THE STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Year Ended June 30, 2009

Excess of Revenue Over Expenditures - Governmental Funds	\$ 39,622
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:	
Acquisition of capital assets	51,144
Depreciation expense	(51,194)
Repayment of long-term debt is an expenditure in the governmental funds, but	
reduces long-term liabilities for governmental activities.	22,002
Revenue reported in the statement of activities that does not provide current	
financial resources is not reported as revenue in the governmental	
fund financial statements:	
Deferred taxes - June 30, 2008	(35,779)
Deferred taxes - June 30, 2009	 33,639
Change in Net Assets of Governmental Activities	\$ 59,434

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2009

NOTE A - DESCRIPTION OF ORGANIZATION

Town of Englewood, Tennessee (the Town) was originally incorporated on January 1, 1919, under the provisions of Chapter 30, Private Acts of 1919, as amended by the State of Tennessee. The Town operates under a mayor-board of commissioners form of government and provides the following services as authorized by its charter: public safety (police and fire), public works, water, sewer and gas utilities, public library, culture and recreation, and general administrative services.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town, for financial reporting purposes, includes all funds relevant to the operations of Town of Englewood, Tennessee. The financial statements presented herein do not include agencies which have been formed under applicable state laws, or separate and distinct units of government apart from Town of Englewood, Tennessee. As of June 30, 2009 and for the year then ended, the Town had no discretely presented component units which were required to be included in these financial statements.

Government-wide and fund financial statements

The government-wide financial statements, the statement of net assets and the statement of changes in net assets, report information on all of the nonfiduciary activities of the Town. Governmental activities, which normally are supported by taxes and intergovernmental revenue, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as general revenue. Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

June 30, 2009

Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Grants and similar items are recognized as revenue as soon as all eligible requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenue to be available if it is collected within 30 days of the end of the current fiscal period. Property taxes are considered to be available if they are collected with in 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the payment is due.

All trade receivables are shown net of an allowance for uncollectible accounts. Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. In Tennessee, this date is January 1st, and is referred to as the lien date. Revenue from property taxes, however, is recognized in the period for which the taxes are levied, which for the Town is October 1st of the ensuing fiscal year. Since the receivable for property taxes is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated amount for uncollectible taxes, is reported as deferred revenue in the fund financial statements and unearned revenue in the government-wide financial statements as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied and uncollected during the current fiscal year as well as the previous four fiscal years. These property taxes receivable are presented on the fund balance sheet with offsetting deferred revenue to reflect the amounts not available as of June 30. Property taxes collected within 60 days of year-end are considered available and are accrued as revenue. Property taxes collected later than 60 days after year end are not considered available and are accrued and reported as deferred revenue. An allowance for uncollectible taxes is also recorded representing the estimated amount of delinquent taxes receivable that will be filed with the court of collection. Delinquent taxes filed with the court for collection are considered uncollectible and are written off.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

June 30, 2009

The Town reports the following major governmental funds:

The *general fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The solid waste management fund is used to account for costs of garbage and solid waste disposal.

The *drug fund* is used to account for costs associated with drug investigation and control and officers' training.

The Town reports the following major proprietary funds:

The *water and sewer fund* accounts for the activities of the water and sewer departments, which operates and maintains a water distribution and sewer collection system for residents and businesses on user charge basis.

The *natural gas fund* accounts for the activities of the natural gas department, which operates and maintains a natural gas distribution system for residents and businesses on a user charge basis.

All activities necessary to provide these services are accounted for in such a manner as to show profit or loss similar to comparable private enterprises.

The Town had no internal service funds or fiduciary funds as of or for the year ended June 30, 2009.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Government Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Town has elected not to follow private-sector guidance.

Proprietary funds distinguish operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Town's proprietary funds is charges to customers for sales and services. The Town also recognizes as operating revenue the portion of connection fees intended to recover the cost of connecting new customers to the system. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenue and expenses.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

June 30, 2009

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this rule are charges between the government's water and gas functions, and various other functions of the government. Elimination of these charges would distort the direct costs and program revenue reported in the various functions concerned.

Government Accounting Standards Board Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments* establishes standards for external financial reporting for state and local governments and requires that resources be classified for accounting reporting purposes into the following three net asset groups:

Invested in capital assets, net of related debt

This net asset category includes capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

Invested in capital assets, net of related debt at June 30, 2009 has been calculated as follows:

Governmental activities:

Capital assets Accumulated depreciation Principal balance on long-term debt	\$ 1,224,446 (434,026) (231,940)
	<u>\$ 558,480</u>
Business-type activities:	
Water and Sewer Fund:	
Capital assets	\$ 7,105,992
Accumulated depreciation	(2,223,124)
Principal balance of bonds and notes payable	(1,000,426)
	<u>\$ 3,882,442</u>

NOTES TO THE FINANCIAL STATEMENTS

(continued)

June 30, 2009

Natural Gas Fund:		
Capital assets	\$	318,067
Accumulated depreciation		(235,483)
Principal balance of bonds and notes payable	_	(71,949)
	\$	10,635

Restricted

This category includes net assets whose use is subject to externally imposed stipulations that can be fulfilled by actions of the Town pursuant to those stipulations or that expire by the passage of time. Net assets of the drug fund are classified as restricted net assets because their use is limited to drug enforcement. Net assets of the solid waste management fund are classified as restricted net assets because their use is limited to solid waste expenditures. When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted first, then unrestricted resources as they are needed.

Unrestricted

This category includes net assets that are not subject to externally imposed stipulations and that do not meet the definition of "restricted" or "invested in capital assets, net of related debt". Unrestricted net assets may be designated for specific purposes by action of management or the Board of Commissioners or may otherwise be limited by contractual agreements with outside parties.

Budgets and Budgetary Accounting

The Board of Mayor and Commissioners is required to adopt, by ordinance, total budget appropriations by line item for all funds. The Town's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP). All budget amendments must be approved by the Board of Mayor and Commissioners. Unused appropriations lapse at the end of the year.

NOTES TO THE FINANCIAL STATEMENTS

(continued)

June 30, 2009

Capital Assets

Capital assets, which include property, plant, and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of \$1,000 or more. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range from 5 to 50 years.

Materials and supplies

Materials and supplies of the proprietary fund are valued at the lower of cost (determined on a first-in, first-out basis) or market. The cost of inventory items of the governmental fund types (primarily materials and supplies) are recorded as expenditures when purchased.

Compensated Absences

The Town's policy permits employees to accumulate earned but unused vacation benefits and sick day benefits. In the event of termination, the employee is paid for any unused vacation days.

Accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees.

Property Taxes

Property taxes are levied on October 1, and are due and payable at that time. Taxes become delinquent and begin accumulating interest and penalties the following March 1, and attach as an enforceable lien on property after one year of delinquency.

Allowance for Uncollectible Accounts

An allowance for uncollectible accounts receivables is provided based upon historical trends. The allowance for uncollectible accounts at June 30, 2009, is as follows:

Governmental Funds	\$ 2,500
Proprietary Funds	1,250

NOTES TO THE FINANCIAL STATEMENTS

(continued)

June 30, 2009

NOTE C - CASH AND INVESTMENTS

Investments that have maturities of three months or less at the date of purchase are classified as cash equivalents. Cash and investments are stated at cost which approximates market value. Carrying amounts at June 30, 2009 are as follows:

	Governmental Funds		Propr Fu	ietary nds	<u> </u>	otal
Cash on hand Bank deposits (checking and savings accounts) Certificates of deposit		200 494,166 <u>205,190</u>	\$ 55	0 4,295 <u>0</u>		200 048,461 205,190
Total	<u>\$</u>	<u>699,556</u>	<u>\$ 55</u>	4,295	<u>\$ 1,2</u>	253,851

The State of Tennessee authorizes the Town to invest in obligations of the United States or its agencies, non-convertible debt securities of certain federal agencies, other obligations guaranteed as to principal and interest by the United States or any of its agencies, secured certificates of deposit and other evidences of deposit in state and federal banks and savings and loan associations, and the state treasurer's local government investment pool. The pool contains investments in certificates of deposit, U.S. Treasury securities and repurchase agreements, backed by the U.S. Treasury securities. The Treasurer of the State of Tennessee administers the investment pool.

Town policy dictates that collateral meet certain requirements, such as, be deposited in an institution which participates in the state collateral pool or be deposited in an escrow account in another institution for the benefit of the Town and must be a minimum of 105% of the value of the deposits placed in the institution less the amount protected by federal deposit insurance. The state collateral pool is administered by the State of Tennessee. Members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional agreement, public fund accounts covered by the pool are considered to be insured in accordance with GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements) and Reverse Repurchase Agreements.*

All cash balances are fully insured through the Federal Deposit Insurance Corporation or the Tennessee Bank Collateral Pool.

NOTE F - INTERFUND RECEIVABLES AND PAYABLES

Amounts due from and due to other funds at June 30, 2009 are summarized as follows:

	Due		
	General	Water and	
Due To	Fund	Sewer Fund	Total
Solid Waste Management Fund Natural Gas Fund	\$ 0 <u> 18,951</u>	\$ 5,167 <u>17,530</u>	\$ 5,167 <u>36,480</u>
	<u>\$ 18,951</u>	<u>\$ 22,696</u>	<u>\$ 41,647</u>

NOTE G - RETIREMENT PLAN

The Town has a defined contribution retirement plan for all eligible employees. The Plan provides for employer matching contributions up to three percent of total wages. Employees who have received at least \$5,000 in compensation during any of the two immediately preceding years and who are expected to receive at least \$5,000 in compensation during the current year are eligible to participate in the Plan. Retirement expense for the year ending June 30, 2009 was \$5,332.

NOTE H - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in the Tennessee Municipal League Insurance Risk Pool and pays an annual premium to the pool for its workers' compensation, general liability coverage, destruction of property and employee dishonesty. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The pooling agreement allows the pool to make additional assessments or refund surplus revenues to the Town. It is not possible to estimate the amount of such additional assessments or refunds.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2009

NOTE I – RESTATEMENT

Net assets of the governmental funds at the beginning of the year have been restated to correct the recording of interfund payables during the year ended June 30, 2008.

	Governmenta Funds			
Balance, June 30, 2008, as originally reported Increase in due to other funds	\$	548,077 (12,959)		
Balance, July 1, 2008, as restated	<u>\$</u>	535,119		

The effect of this restatement on the change in net income for the year ended June 30, 2008 was a decrease of \$12,959 for Governmental Funds. There was no effect on net assets or net income of the Governmental Activities or Business-Type Activities.

INTERNAL CONTROL

AND

COMPLIANCE

MEH MITCHELL EMERT & HILL, P.C. CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mayor and Board of Commissioners Town of Englewood, Tennessee Englewood, Tennessee

We have audited the accompanying financial statements of the governmental activities, the businesstype activities and each major fund of Town of Englewood, Tennessee as of and for the year ended June 30, 2009 and have issued our report thereon dated December 28, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Town of Englewood, Tennessee's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Englewood, Tennessee's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Town of Englewood, Tennessee's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Englewood, Tennessee's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and governmental regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.

Mitchell Emert & Hill
